

KPU Electric Division Conservation Tip #20

**Energy Conscious Behaviors Can
Save You Money!!!**

- 1 Clean furnace and air conditioner filters.
- 2 Turn off lights when you leave a room.
- 3 Use sunlight for light or heat whenever practical.
- 4 Match pot size to burner size and keep the lid on it.
- 5 Set hot water heater no higher than 120 degrees F.
- 6 Do laundry in cold water.
- 7 Use ENERGY STAR® qualified computer sleep feature.
- 8 Turn off electronics when not in use.
- 9 Close drapes to keep heat in.
- 10 Do full loads in dishwashers, clothes washers, and dryers.
