

KPU Telecommunications

How to:

Retrieve your Voice Mail without Dialing your own Phone number on the new Voice Mail System (addendum to page 22 of the phone book)

1. Dial the number 907-228-3333. Voice mail will prompt you for your phone number.
2. Enter your 10 digit phone number INCLUDING the area code. Example: 9072251000. Do **NOT** enter a # when you are done.
3. Voice Mail will ask for your password. Enter your password/security code.
4. You can now hear your messages.

This does not apply to business customers who use the Hosted IP Phone System.
